4.3 Pakistani Student Association (PKSA) *funding request*

The President had previously received a funding request from the PKSA and had therefore invited one of the PKSA executives to join the Executive Meeting. The PKSA General Secretary, Fahar Ibtisham, attended and represented PKSA. The President welcomed Fahar to the Executive meeting and asked for a brief description of the event. Fahar first thanked the executives for being active and for the hard work the GSA does to improve the academic experience of graduate students on Campus; he then followed by explaining that, once a year, PKSA arranges a get-together welcome party for all Pakistani students, usually as close to Eid (Muslim event) as possible in order to also provide a sense of celebration for those away from home during Islamic holidays. According to Fahar, such gatherings offer unique opportunities for new and current Pakistani students with similar cultural backgrounds to get to know each other, additionally allowing for a sense of “home away from home”, to build friendships, and to have similar religious/cultural holidays celebrated together. This welcome event will also be an opportunity for other clubs/associations to introduce themselves and recruit in a more intimate setting. Their goals include providing new students with Pakistani heritage chances to make friends with established students and a place to feel comfortable while they learn and adapt to a new setting, whether they are first time university students or foreign graduate students coming to Canada for the first time. PKSA is taking input from current graduate students who struggled to settle down during their first few months here in Saskatoon due to a lack of an adequate support system being in place. They are expecting 20-30 students to attend and will charge 5 dollars for non-student members to cover the cost of food. Additionally, they plan to invite executive members from different social groups. The VP External thanked Fahar for explaining the event and the President opened the floor for questions. The VP External asked Farah to clarify the goal of the event; Fahar stated that the event will bring students together (Social gathering, family get-together). The VP Finance and Operations asked where the event will take place; Fahar answered that the event will take place on-campus but they have not selected any venue, date, or time, all of which are contingent upon financial support from GSA. The VP Student Affairs asked what type of food will be served; Fahar mentioned that traditional food will be served and they will need to order it from a restaurant which is providing them food at a subsidized cost. The VP Student Affairs asked if

PKSA had submitted an application for renewing the ratification of the social group for the new academic year; Fahar mentioned that PKSA had just submitted the ratification application before the meeting. The President asked if they had asked for funding from other organizations; Fahar mentioned that most organizations do not provide monetary support but they will provide food at a reduced cost.

The President mentioned that when the GSA sponsors an event, the GSA logo is expected to be on the posters and an announcement should be made at the event. The President indicated that the decision is based on the budget and not on the event and she thanked Fahar for providing the proposal and further information. She communicated that the decision will be made and will be communicated via email.

Since the date and venue of this event were not provided, the GSA executives decided to put a hold on the decision of financial support until further information is provided. Regardless of the funds that GSA can provide, it was unclear if the event will happen. The VP Finance and Operations will contact PKSA again requesting resubmission of the proposal to include a date, a location, and a clear budget.

Motion: To approve the reschedule of a meeting with PKSA representative where further information will be provided.
